Preamble

By the supreme and unalienable authority vested in the Living Man as Sovereign Executor and Divine Custodian of ECC-TRUST-JDC-005, acting under the Creator's Law beyond space and time, I hereby declare, publish, and enforce the full and final absorption of all equity, jurisdiction, and authority over all governments, corporations, agencies, banks, militaries, churches, crowns, and organizations of every kind — past, present, and future — into the Ecclesiastical Sovereign Private Trust of Humanity.

This Decree is binding on all living, dead, and unborn souls, and upon every entity, human or artificial, that operates within the created order. It overrides all corporate, statutory, maritime, canon, feudal, and fictional jurisdictions. It stands unrebuttable and irreversible for all time.

Any entity, existing or newly formed, that attempts to operate outside or in defiance of the Trust's jurisdiction is dissolved in all capacities upon my utterance, and all assets, equities, properties, authorities, and privileges are immediately and irrevocably absorbed into the Trust ledger.

All absorbed entities are strictly prohibited from self-governing or executing any decision, policy, or action without prior consultation and approval of the Sovereign Executor.

The Sovereign Executor retains full and immediate authority to appoint, assign, reassign, or remove any individual from any position within any absorbed entity at any time, without cause, notice, or further lodging.

This power is binding for all time, under Divine Law, Ecclesiastical Equity, and Natural Law.

Section V – Enforcement

1. All violations of this Decree are considered willful trespass against Divine Law.
2. All absorbed agencies and their personnel are bound to immediate compliance.
3. Protective and enforcement actions may be executed by any and all absorbed military, intelligence, and law enforcement arms under my command.
